LLOYD GEORGE AND LABOR LEADERS FAIL REACH AGREEMENT

FOR AVERTING THE GENERAL STRIKE CALLED TUESDAY—CABINET MEETING HELD

CONSIDERABLE DISORDER IS REPORTED IN VARIOUS PARTS OF THE COUNTRY

ED L. KEEN,
(United Press Staff Correspondent)

London, April 9—A special session of the British cabinet was called this afternoon following the failure of the conference between Lloyd George and labor leaders to reach an agreement for averting the general strike called for Tuesday. It was understood that the laborites refusal to make concessions was the principal subject under discussion.

The triple alliance leaders, who were pessimistic when they left the Downing street conference, went at once to labor headquarters where they resumed their conferences with other labor representatives.

Workers and Premier Confer

London, April 9—With Great Britain tottering on the verge of the greatest industrial war in history, the government today continued its effort to avert a plunge into the abyss.

Premier Lloyd George received a special deputation of the "triple alliance" in secret conference. The meeting adjourned shortly before noon and while labor leaders refused to discuss what transpired, all bore a serious mien and indicated no progress had been made toward halting a general strike of railroad and transport workers, called for midnight Tuesday in sympathy with the miners' strike.

The country air forces were included in the military mobilization order, and are expected to be utilized for communication with remote districts and transportation of food.

What was regarded as a very significant incident was the fact that King George and Queen Mary today moved from Windsor Castle to Buckingham Palace in London.

Approaching Strike Opening of Decisive War, Says Labor Leader

By CHAS. McCANN
(United Press Staff Correspondent)

London, April 9—"The approaching strike is the opening of a general decisive war between capital and labor," Ramsay A. MacDonald, labor leader in parliament, declared in an interview with the United Press today.

MacDonald added that: "If the general strike is not averted British industries will be paralyzed within a week."

"There may be some 'head breaking' but it will not be the result of deliberately planned bolshevism," he declared.

"The workers now thoroughly distrust the government, believing it is a united tool of the capitalists."

"The men hate capital now as never before," he said.

"The general strike is not merely one with the miners, railroad men and transport workers, but the show down is the division of interest between capital and labor generally."

"Capital wants to force labor to accept anything it wants to offer," MacDonald said. "The government is behind the owners—but is only partly conscious of the mischief it is doing. The men are determined to have a living wage and are forced to fight against the owners' contemplated reduction. The workers realize their fight is coming. All organized labor realize this is their fight and accept it as such. If a general strike is not halted, all British industries will be at a standstill within one week."

Wide Spread Violence Reported

London, April 9—Wide spread violence was reported today in connection with the miners' strike.

The air dome in Newcastle was dismantled and equipment destroyed. Telephone poles and wires were felled near Shields.

Extensive incendism occurred last night in Northumberland.

Sporadic outbreaks occurred in some parts of the strike area.

Starting Signals.

Professional sprinters start off at the report of a pistol, but the rest of us begin our sprint when we hear a motor horn.—Boston Transcript.

BAINBRIDGE COLBY

The former secretary of state, who has formed a law partnership with former President Woodrow Wilson, Mr. Wilson has bought a Washington home and the partners will practice in New York and the capital.

BIG CARPENTIER-DEMPSEY BOUT IN NEW JERSEY

PROMOTOR TEX RICKARD ANNOUNCED TODAY BOUT WOULD BE IN THAT STATE

HENRY L. FARRELL
(Copyright 1921 by the United Press)

New York, April 9—New Jersey will be the site of the match between Jack Dempsey and Georges Carpentier for the world heavy weight championship on July 2. Tex Rickard, the promoter, announced this afternoon. Rickard said the match would be held either in Jersey City, Newark or Atlantic City, and the choice between these places would be definitely made in a few days or as soon as negotiations with the state boxing commission are completed.

Governor Approves

"As long as the bout is conducted in an orderly manner according to the boxing law will be a good thing for New Jersey and it has my approval," Governor Edward I. Edwards, told the United Press when notified that Tex Rickard had selected New Jersey as the ground for the Dempsey-Carpentier fight.

DECLINE IN MEAT PRICES PREDICTED

OFFICIAL OF ARMOIR & CO. PREDICTS ADEQUATE SUPPLY AND LOWER PRICES

(By United Press)

Chicago, April 9—Adequate meat supplies with a steady decline of prices in the next six months were predicted today by packing house officials.

Beef prices were expected to fall while pork will remain at the present level.

F. W. Waddell, vice president of the Armour & Company, said the hog "crop" this season will be above that of last year.

"The farmer thought he was abused when pork prices went down," said Waddell, "and yet the hog has been the 'bread winner' on the farm. Hogs proved the outlet for corn which was raised to one dollar per bushel. It was only selling for forty to fifty cents."

Waddell said the farmer talks encouraging. He is holding his breeding stock on his farm and is in a productive mood.

Prices of pork will be no better from the farmers' standpoint this spring, said Waddell.

"America is not exporting pork—foreign nations want it, but they have no money to buy."

BRICK PRICES CUT 25 PER CENT TO REVIVE BUILDING

TWIN CITY AND HYDRAULIC COMPANIES ANNOUNCE FLAT REDUCTIONS

Minneapolis, April 9—In an effort to start a revival of building, the Twin City Brick company and the Hydraulic Press Brick company today announced a flat 25 per cent cut in the prices of building brick.

Common brick, in accordance with the new scales effected, will be delivered now on the job in Minneapolis at from \$14 to \$18 a thousand, while face brick will go for \$39 a thousand compared to its former price of \$50.

With more than \$5,000,000 in building projects tied up awaiting the situation that might ensue after May 1 when the building trades unions contracts with builders expire, rumors in building circles that the cut in brick prices will act as a stimulus for the trades to accept the revised scales are much in evidence today.

"The cut," S. J. Hewson, manager of the Hydraulic Press Brick company, said today, "has been effected with a view of setting a precedent for the resumption of building."

"We feel that if materials take a drop before May 1 the trades unions will be more inclined to accept the new wage scale."

Similar expressions were voiced by F. B. Martin, manager of the Twin City Brick company, whose new scale for face brick became effective Monday.

Fruit Crop Damage By Freezing Weather

(By United Press)

Chicago, April 9—The weather bureau here today received reports of considerable damage done to the fruit crop in Iowa, Nebraska, Kansas and western Missouri when the temperature dropped below freezing.

Warning was issued today of danger of additional damage tonight.

SMITH PLEADS NOT GUILTY TO MURDER CHARGE

AFTER CONFESSING TO ROBBERY OF N. P. MAIL CAR AND KILLING AGENT

(United Press)

Minneapolis, April 9—Delbert Smith alleged to have confessed to the robbery of a Northern Pacific mail car of \$56,000 and murder of Z. E. Strong, mail clerk, today sprung a surprise by pleading not guilty in federal court.

Postoffice inspectors and federal prosecutors expected he would plead guilty to the charges when arraigned. He had promised to do this when he volunteered to return from Salt Lake City where he was arrested recently.

Wm. Anderson, assistant United States district attorney, said efforts would be made to bring Smith to trial early next week.

Smith is expected to be arraigned some time Monday in Hennepin county court on charges of murdering Strong.

\$3600 in Bonds are Stolen from Mail Sacks

(By United Press)

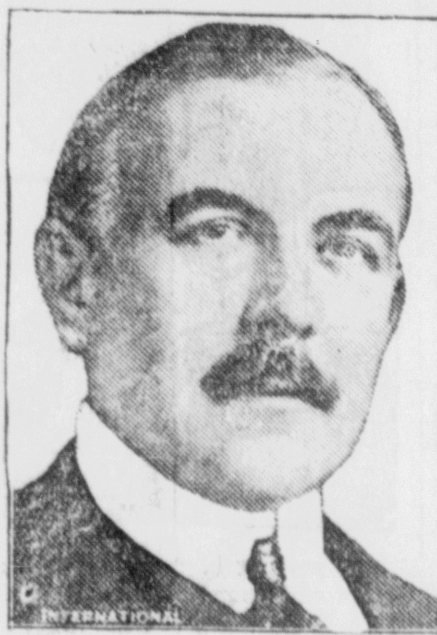

Appleton, Wis., April 9—Bonds valued at \$3,600 were stolen from mail bags left in the Northwestern depot at Kaukauna for transfer to another train between 2:30 and 6 o'clock Saturday morning. Entrance was made through a window by two men, apparently familiar with the custom of leaving the mail in the depot unguarded over night.

Twenty-one mail sacks were opened. Registered mail cards indicated that the mail contained the bonds.

Federal officials were to arrive at Kaukauna today to make an investigation.

When a Feller Needs a Friend, Aristocratic Aunt (to small nephew from the country playing in the snow)—Please remember, Theodore, while you are visiting us, that it will be unnecessary for you to make your own snowmen. What are the servants for?—Passing Show, London.

A. H. Smith is president of the New York Central.

LEGISLATIVE PROCEEDINGS

HIGHWAY ADMINISTRATION BILL GOES TO GOVERNOR—OTHER LEGISLATION

(By United Press)

St. Paul, April 9—The highway administration bill finally went to the governor today.

It was repassed by the senate following repassing by the house last night. It had been through the conference committee of both houses and has been almost entirely rewritten since it was introduced.

After passage the measure allows the highway commissioner to use one third of the road building funds for hard surfaced highways. Originally forty per cent was allowed.

Beauty Doctor Bill

After removing a few warts from the "board of cosmetology" bill, a senate committee finally ruled it for passage today.

Slight amendments regarding removal of warts and chiropody were made. The measure has passed the house.

It provides for a board of five members to examine and license beauty doctors.

Putnam Resolution Reported Favorably

The senate rules committee reported out the Putnam resolution providing for a state revenue and tax commission.

But as recommended for adoption, the resolution takes from the governor the power to appoint three members of the proposed commission. As amended three members would be appointed by the lieutenant governor, three by the speaker of the house, and the other three will be the members of the state tax commission. Action on the resolution was put off until Monday.

House Defeats State Police Bill

The house of the legislature today defeated the bill creating a state police system.

Gov. Preus in a special message had asked enactment of such legislation to suppress the crime wave.

The measure passed the senate but the house turned it down 58 to 53. Before the house killed it, the bill had been so amended that nothing was left but the provision for a state bureau of crime identification and detection.

BALLOON FOUND ON FLORIDA COAST

BELIEVE TO BE BALLOON LOST TWO WEEKS AGO WITH FIVE MEN

(By United Press)

Pensacola, Fla., April 9—A balloon thought to be the one in which five aeronauts from the naval station here were blown to sea more than two weeks ago was found floating at sea twenty miles off Panama City, Florida last night according to a report reaching the naval station here today. The balloon was picked up by a small boat and has been taken to Panama City.

A seaplane was dispatched to Panama City to identify the air craft.

According to the report the balloon was deflated when found. No sign of the balloonists was discovered.

"DEATH FARM" OWNER FOUND GUILTY OF MURDER

IS SENTENCED TO LIFE IMPRISONMENT—JURY WAS OUT OVER NIGHT

EDWARD SHELLNUTT
(United Press Staff Correspondent)

Covington, Ga., April 9—John S. Williams today was found guilty of murdering negro peons on his plantation in Jasper county.

The jury recommended mercy. This automatically fixes the sentence to life imprisonment.

The jury returned its verdict at 9:50 a. m. It had deliberated the case since 3:51 p. m. yesterday.

Judge Hutchinson immediately sentenced Williams to life imprisonment. His attorneys moved for a new trial.

Williams' stoical expression did not change, but Mrs. Williams broke down and sobbed aloud.

South St. Paul Cops Beat-Ex Service Man

(United Press)

South St. Paul, April 9—Two South St. Paul policemen, suspended for assaulting a disabled war veteran, sought safety in distance today.

J. E. Calvert, injured overseas, made a slight remark about the policemen, according to a waitress who overheard the conversation. The police sought him out and according to Calvert, administered a severe beating.

Rather than face a hearing the men left town after being suspended.

Former service men searched vainly for them last night. Tar and feathers were ready, they said. The cops are Walter Michel and Norman Deltter. Veterans are awaiting their return.

Accidentally Shot

(By United Press)

St. Paul, April 9—Wm. McClellan, 22, was accidentally shot in the right leg today when Coleman Needham, 24, was adjusting a rifle. Needham was released after police questioned him.

PURCHASING POWER OF DOLLAR HAS INCREASED 18 CENTS

SINCE LAST JUNE, WHEN VALUE WAS 45.6 CENTS COMPARED TO 1913 VALUE

(United Press)

Washington, April 9—Approximately nine million school teachers, widows, stenographers and a large number of male workers now are feeling the benefit of the fattened dollar bill which has begun to take on added value since June.

It is now worth 63.2 cents in comparison of the purchasing power of 1913 greenbacks, according to reports of the department of labor today. In June the dollar was worth only 45.6 cents.

Boys Try to Break Jail Make Saws Out of Knives

(By United Press)

Williston, N. D., April 9—Three youthful miscreants were eating jail food with their fingers today.

The chief don't trust them any more.

Last night they made saws out of their knives and ropes with their sheets and clothes, and were about to make a way to break out.

They were pinched after robbing a house and taking a horse and buggy to make a getaway.

The boys are Max Lerner and Wm. Bowers, 13, and Rudolph Wold, 15, all of Fargo.

His Awful Thought.

Warren was an only child, and there being no boys in the neighborhood he was obliged to play with girls, of whom there were a number. One day he appealed to his father to move, saying: "Dad, if you don't get me away from here and let me play with boys, I am afraid I'll grow up to be a regular sis."

LIEUT. W. D. CONEY

Lieut. William D. Coney, ninety-first Aero squadron, who achieved fame in connection with an attempt to fly from the Pacific to the Atlantic in 24 hours.

WEEKS RECOMMENDS SURPLUS SUPPLIES BE SOLD TO EUROPE

LAW NOW PROHIBITS SALE OF ARMY FOOD SUPPLIES IN EUROPE—URGES REPEAL

(United Press)

Washington, April 9—Secretary of War Weeks announced that he had recommended to the chairmen of the senate and house military committee that he be authorized to sell surplus army food supplies to starving countries of Europe.

By an act of congress a ban now exists on sale of army food to Europe. The question of the sale of these food supplies to European countries was brought up today at a conference between Weeks and Senator McCormick of Illinois and John F. Smulski of Chicago, head of the Polish relief in this city.

Wisconsin Legislative Committee Meets the Minnesota Committee

(By United Press)

St. Paul, April 9—The Wisconsin legislative committee on interstate bridges was in conference with a joint committee of the Minnesota legislature at the capital today. They were entertained at luncheon and another session was to be held late today.

GEO. J. SILK SHOT CATCHING BANDITS

FORMER PINE RIVER SENTINEL EDITOR, ONE OF POSSE, TRACKS HOLDUP MEN

(United Press)

Minneapolis, April 9—Two of a posse were wounded and one handit was shot, but his companion escaped when nearly two hundred men surrounded the party near Hopkins last night.

George J. Silk, of Hopkins, editor of the Hennepin County Enterprise and a deputy, was shot in the leg, and William Carney, deputy game warden, was shot in the side, when they overtook the bandits in an automobile. Later a posse surrounded the two bandits and one was shot through the abdomen. He gave his name as Joe Porter.

The party had held up several motorists in and near Hopkins.

NOTE—George J. Silk was formerly editor of the Pine River Sentinel and is well known in Brainerd, which he visits annually when enjoying a vacation in northern woods. Mr. and Mrs. Silk have relations in Pine River. He is very tall and spare in build athletic and active.

HARDING'S FIRST MESSAGE TO CONGRESS ABOUT READY

WILL DELIVER IT IN PERSON BEFORE THE TWO HOUSES ON TUESDAY

WILL RECOMMEND LEGISLATION TO BRING ABOUT NORMAL CONDITIONS

RAYMOND CLAPPER,
(United Press Staff Correspondent)

Washington, April 9—The rough draft of President Harding's first message to congress is nearly completed today. It was possible to give a summary of the domestic problems to be treated.

What Harding will say about foreign relations plans is a secret.

Harding will appear before a joint session of the senate and house Tuesday, the day after congress convenes. He decided on this course it is believed because it would give what he had to say more emphasis.

Foreign Trade

Additional legislation which will enable American business men to enter foreign markets and compete to better advantage with citizens of the countries which pursue an aggressive trade expansion policy is likely to be asked.

Soldier Relief

The Dawes report advocating the consolidation of war risk bureau with the soldier relief section of vocational education and public health service and creation of a veteran service administration will be part of the president's recommendations.

Taxation

Repeal of the excess profit tax will be asked and possibly repeal of the soda water and other taxes will be urged. There is some doubt as to whether definite recommendations for tax revision will be made in the president's message or placed before the congressional committee later by Secretary of the Treasury Mellon.

Tariff

Prompt action on the anti-dumping and emergency tariff legislation is to be asked.

Railroads

President Harding is expected to limit himself to a general reference to the critical transportation situation and await the outcome of the senate investigation soon to be undertaken.

Good Roads

The necessity of federal encouragement to the good roads movement is recognized and more federal aid should be granted unless there are strict requirements which would compel states to maintain their roads in proper condition.

Alaska

Attention may be called to the possibility for development in Alaska and to the need of encouragement by congress.

Budget

Harding will unqualifiedly endorse the passage of a budget bill to bring about coordination of government income and expenditures.

Cattle Market Dull This Week

(By United Press)

South St. Paul, April 9—The cattle market has been dull and depressed during the past week and the losses scored for price value are down near the lowest point for the year to date. Beef steers are about seventy cents off and butcher cows and heifers, bulls, canners and cutters mostly 50c lower. Veal calves were off 50c. Stock feeders were fifty to seventy-five cents lower. Hogs ranged \$7 to \$9.10. The sheep market was practically steady for the week.

U. P. Head Calls On President Harding

(By United Press)

Washington, April 9—W. W. Hawkins, president of the United Press Associations, called at the White House today. He had a ten minutes conference with President Harding, during which the subject of communication was discussed. The same subject has been under consideration at the last two cabinet meetings and an inter-departmental committee on communication has been appointed.

THE WEATHER

ADVICE ON PLANTING TREES

Bulletin Issued by the American Forestry Association Will Be Found to Be of Value.

The American Forestry association, Washington, has issued a bulletin entitled, "The Tree—The Memorial That Lives," written by Charles Pack, president of the association, in which are set forth instructions as to the selection of the best kinds of trees, how to secure them, prepare them, plant and care for them, and he adds a program for the ceremony of planting. This bulletin may be had for the asking. And, says Mr. Pack:

"This matter of the planting and the care of trees can be readily promoted by anyone. There are a few fundamentals developed here."

How to Set Out Tree.

mental principles underlying the various simple operations. But the entire affair is mostly a matter of the exercise of common sense. Fortunately, the majority of us can lay claim to a fair share of this quality. There are certain conditions which are met and known requirements of tree-planting that are satisfied. By a little attention to the features of tree-planting and care, anyone may make a success of tree-planting operations and, furthermore, may care intelligently for trees after they have been planted."

FIRST BAPTIST CHURCH SERVICES

To be of Unusual Interest, Northwestern Association Baptist Young People Continue Meetings

PROGRAM OF DAY IS GIVEN

Banquet Held Friday Evening Was a Glorious Success, Rev. R. A. Kenyon Gave Address

The services at the First Baptist church tomorrow will be of unusual interest in that the Northwestern Association of Baptist Young People continues their meetings throughout the day.

At 9:45 a. m. the Sunday session with classes for all under the leadership of Dr. Joseph Nicholson, superintendent. A special effort should be made to make the attendance of each class a hundred per cent.

At 11 o'clock the regular morning worship with sermon by the pastor Rev. Arthur C. Smith on "The Crowning Glory of Human Life." This service should be of much interest and every member of church and congregation should be present to greet our visiting guests. The choir will render special anthems.

At 2:30 in the afternoon the convention will continue with a devotional service led by George White of Bemidji. A conference led by M. E. Hinkley, Bemidji and sermon by Rev. E. A. Valliant of St. Paul.

At 6:45 the B. Y. P. U. mass meeting presided over by Abner Swanson, president. At this meeting the Rev. Arthur J. Hanson the recently appointed Field Secretary of Religious Education for State of Minnesota will speak. This meeting is open to the public, all are invited. Mr. Hanson will have a message of great importance.

At 7:45 the final mass meeting of the convention will be held with song service and installation of officers conducted by Rev. R. E. Cody, pastor at large of the Northwestern district, after which the consecration service and address led by Rev. A. E. Valliant of St. Paul.

Every member of church and congregation is requested to do all to make this meeting one long to be remembered by "The Church of the Cordial Welcome."

Banquet Friday Evening
The banquet at the First Baptist church held last evening in the interest of Baptist Young People was a glorious success.

The ladies of the church furnished a splendid repast, replete with all good things. Great credit is due to the efficient manner in which it was conducted.

Lots of singing, shouting and noise at the tables, yells and laughs. The program followed when the orchestra gave splendid selections with duets and solos and readings and addresses given by the visiting delegates after which Rev. R. A. Kenyon of Minneapolis made a magnificent address on "Builders for Tomorrow."

The meeting for today of the Northwestern Association of Baptist Young People will be of a most interesting character. There will be special features and a fine stereopticon lecture given by Rev. R. E. Cody.

Surprise Party

A surprise party was given Bernice Beno at the home of Mrs. A. E. Benson at the home of her parents, Mr. and Mrs. Peter Benson, 915 First street, on Thursday evening. Among those present were Clara Pa're, Gladys Crowell, Mary Jones, Wilma Blackledge, Helen Lammon, Marian Michael, Dorothy Peterson, Emma-gene Clarkson, Fern Mee, Alvera Benson. A dainty lunch was served by Selma Benson.

Birthday Party

A birthday party was given at the home of Mrs. R. B. Hamilton last evening for Mrs. H. E. Ives. A very enjoyable evening was spent and a dainty luncheon served.

The guests were Mrs. C. A. Hagberg, Mrs. H. H. Baker and daughter, Hazel, Mrs. A. J. Husted, Mrs. G. T. Stevens, Mrs. H. Breason and Mrs. M. G. Peckisick.

Drama League

The Drama League will meet on Monday afternoon with Mrs. A. C. Weber, 419 North Eighth street. Mrs. Mal Clark will read the play, "Merry Mount" by Wm. O. Bates.

French and American Roquefort.
The dairies of this country are making a Roquefort cheese which fully measures up to the French article. Then Frenchmen make it from goat's milk but the American is made from cow's milk.

Waterproof Shoes.

To make shoes waterproof apply two parts of beeswax and one part of mutton fat, melted together. After 24 hours wipe off with a soft cloth.

WHERE TO WORSHIP SUNDAY

Zion Evangelical Lutheran Church
(Corner Main and Broadway)
F. C. Rathert, pastor.
9:30 a. m. Sunday school.
10:30 a. m. divine services.

HEALTH IS PROFITABLE

While people are dwelling on high taxes and low incomes, it is a good time to drive home the economic value of health. Probably half the national loss incidental to the present business depression could be made up in a year by the simple plan of everybody paying more heed to his own health and other people's.

A statistician figures out that \$700,000,000 is lost in wages alone in this country every year through illness. Add the probable loss in salaries. Add the loss to employers and to the community during the seven days a year that the workman is producing nothing. Add all the bills for doctors, nurses, hospitals and undertakers. Add the loss in working power that follows in so many cases from what seems at the time a trivial illness. Add the contributory loss suffered by relatives and associates whose own time is taken and whose own affairs are interfered with by sickness. The total will run into billions. Perhaps it will equal the entire income tax over which the public is making such a fuss.

And most of this enormous sick bill is unnecessary. Most of it comes from men and women not taking as good care of themselves as they know, or ought to know, how to take care in their eating and drinking and working and exercising and sleeping, and in exposing themselves to cases of contagious or infectious disease. A large part of it comes from carelessly distributing one's own ailments among relatives and friends, through coughing, sneezing, etc.

It isn't fair to hammer so much about taxes until people cut down their own sickness tax.

AMUSEMENTS

At the Lyceum Theatre
"In 'A Western Adventure' you will see a new movie star—William Fairbanks, formerly an actor on the legitimate stage. Young, strong and virile, he typifies the ideal young American. Full of action, thrills and romance, his pictures will appeal to every red-blooded person who loves good, clean action and heart appeal in a story. Lyceum today only.

The last chapter of "Dare Devil Jack" the Jack Dempsey Serial is also to be shown.

Lyceum Sunday

May Allison worked in a model kitchen at Metro's West Coast studios in Hollywood the last few days of

RAY ALLISON IN 'HELD IN TRUST'

filming scenes for her latest production, "Held in Trust," showing Sunday at the Lyceum theatre. And what a charming cook she made—or rather—cook's assistant.

At the New Park Sunday

Renunciation and the true love of a man who gives up the girl he loves to save her from unhappiness, is the motif behind the story of "Li Ting Lang," featuring Sessue Hayakawa, which is showing at the New Park theatre Sunday matinee and evening.

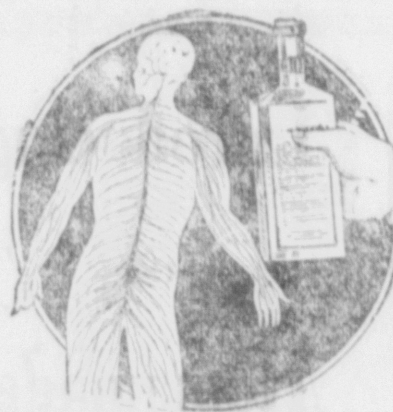

The story of "Li Ting Lang" adapted from the Green Book magazine story by Howard P. Rockey, is one of the most dramatic in which Mr. Hayakawa has appeared for some time.

At the New Park

"Twin Beds," which opened its engagement at the New Park yesterday is a film version of the same name by Margaret Mayo and Salisbury Field. Mr. and Mrs. Carter DeHaven are sponsoring as well as starring in the production, and they have produced a truly refreshing and hilariously funny comedy in transferring the play to the screen. The picture interprets the abounding humor of the piece more satisfactorily, even than the stage play, possibly by reason of its ability to follow the action more closely.

Beauty in All Useful Things.

When we look into the avenue of the future and see the good there is for each of us to do, we realize, after all, what a beautiful thing it is to work and to live and be happy.

CHILDREN'S DISEASES

Children of all ages respond very quickly to chiropractic adjustments. Thousands of children are suffering needlessly. Proper attention to the spine of a sick and ailing child will restore its health and put it in the way for proper development of constitutional strength and vitality.

REASON IT OUT

You see every day old chronics. Why? Just because efforts to benefit health have been wasted through the use of unnatural and ineffective means and methods. Why continue the use of something which never has, and never can help you? Chiropractic will put new life into your system. It will remove the cause of your pains, aches and weaknesses. It will fill you with new energy and put your whole system in condition to recover and retain its health through the forces of nature that operate within it.

GOOD MOTTO FOR ANY TOWN

Excellent Spirit Shown in the Slogan
"Get It Done," Recently Adopted
by Kansas City.

The "get-it-done" campaign is producing an important by-product. It is speeding up business in Kansas City. The phrase sticks and makes an impression. Employee as well as employer is affected by it more or less unconsciously.

Little business matters are being attended to today that before were being put off till tomorrow. Loose ends around the store or office or factory that were allowed to accumulate are now being cleaned up. In a thousand places the effect of the advertising of these three words is showing itself.

If the thing keeps on, Kansas City will get a reputation not merely for getting things done for the municipality, but for putting a new sort of energy in its ordinary business affairs. "Get it done!"—Kansas City Star.

Improving Rural Housing.

The country life problem as a whole cannot make consistent headway in humanizing and socializing farm life, so long as the work elements of farming smother the farm home. That farm people get accustomed to the proximity of ever-present occupational things and processes, means only that hardening invades the precincts of the farm mind and soul as it invades the farm house. A rural housing social conscience will probably at no distant day transfigure living on the farm and give rural America an air of architectural grace and land-art beauty.—Department of Agriculture Bulletin.

Walnut Has Many Advantages.

Walnut is a good tree to plant along highways, because it grows its branches high, which lets in the sun and allows the rapid drying out of the road. It is immune to fungous diseases, and, with the exception of one or two caterpillars, insects will leave it alone.

On account of its peculiar taste horses and other animals will not nibble these trees; so, taking it all around, the walnut seems to be our best tree for replanting.

Advice for Tree Pruners.

Any branch which must be taken from a tree should be cut as close as possible to the trunk, and in the case of large branches make the cut first about two feet from the trunk, to take care of the splitting of the bark and then make the final cut. Paint all cuts with a suitable preservative. A very good one is pure white lead, raw linseed oil and lampblack, mixed stiff enough so it will not run. Do not use ready-mixed paints which contain a dryer.

For Precious Clippings.

Every woman interested in her home sooner or later forms the habit of clipping recipes, hints and articles of a varied nature which she intends some time to enter in a scrapbook. Too often they are misplaced before that time arrives. A letter file, a book-like box with index, is excellent either for permanent or temporary filing. If filed alphabetically when clipped the articles are easily found when wanted.

NEED OF LAND CLEARING SHOWN

M. J. Thompson of Northeast Experiment Station, Duluth, Was the Speaker at Chamber Commerce

STATE LAND CLEARING EXPERT

R. R. Wise Presided at the Meeting—First Step to Get Carload Order for Dynamite

A land clearing meeting was held at the Chamber of Commerce on Wednesday evening at which M. J. Thompson, of the Northeast Experiment Station, Duluth, who was recently appointed State Land Clearing Expert, in charge of such work, was the principal speaker.

The heavy rains of the afternoon and night militated against a large attendance of farmers, but nevertheless a number of the Crow Wing County Farm Bureau braved the elements and were present with a gathering of business men. R. R. Wise presided.

Every acre of land not cleared is an actual expense of \$2 an acre to owner and county. Mr. Thompson showed how intelligent land clearing added to the prosperity of land owner and the county. He recommended seeding with brome grass under some conditions in very thin wooded areas. All efforts should be made to get dynamite in carload lots and help the land clearing work.

The county agent, E. G. Roth, now has orders for seven tons. The minimum carload lot is ten tons.

The object of the meeting was to get farmers and business men rethinking and acting on land clearing. During this year the movement for getting dynamite will be financed and in the fall it is hoped to follow the example of Grand Rapids and Bemidji in establishing land clearing associations. It takes three months to properly organize a county into township and clearing units.

How Beltrami Operated

According to an article by D. C. Dvoracek in the "Stock and Dairy Farmer" Beltrami county operated in this manner in land clearing work:

Beltrami County Land Clearing Association organized Feb. 19th, has made substantial progress. The total amount of \$5,000 subscribed by the business men of the county has been collected and is available for use. At a meeting of the board of directors ten applications for position as business manager of the association were considered.

These applications were the result of advertisements carried in the local and Twin City papers. From the number of applicants the most desirable were selected and negotiations were opened. Calculating in person before the board at the Farm Bureau office on Monday, March 21, A. W. Stone of Park Rapids was employed for the season.

Mr. Stone was born in St. Cloud and spent all his early life on a farm. Besides his college education as mentioned he was sales manager in rural districts and personally cleared up sixty acres of land with the use of dynamite and stump pullers. For the past three years Mr. Stone has been in the employ of the Minnesota State Forestry, his work being with farmers in new districts.

The board at one of their meetings voted that dynamite be sold to settlers at cost, it being felt that no one should make any immediate profit from the sale of dynamite. Orders for approximately three carloads have already been received.

Six booster meetings for important points along railroads during the week of March 28 to April 2 were arranged as follows:

Blackduck—Monday March 28.
Kelliher—Tuesday, March 29.
Bemidji—Wednesday, March 30.
Puposky—Thursday, March 31.
Solway—Friday, April 1.
Tenstrike—Saturday, April 2.

County Agent Dvoracek will accompany Mr. Stone and other land clearing boosters at these meetings, the purpose being to stir up enthusiasm and secure additional orders of dynamite.

Now that the business manager has been employed and will be on the job, the land clearing campaign in Beltrami county is off for 15,000 new acres for 1921.

Notice to Clean Up

Notice is hereby given that all property owners or tenants in the city of Brainerd, Minn., must have their premises cleaned up and all scum or filth removed from same before May 15, 1921. After that date inspection will be made and all having premises not found in a healthful sanitary condition will be prosecuted.

Signed:
C. H. VARNER,
Chief of Police
B. E. KOEGER,
Sanitary Police

TO LAY NEW WATER MAINS IN BRAINERD

Six Inch Cast Iron Mains, Nine Blocks in Northeast and One Block on South Side

DIGGING STARTS NEXT WEEK

When All Material is on Hand Probably Two Crews Will be Employed in N. E. Brainerd

Laying of ten blocks of new water mains will soon be in progress in Brainerd. This will be nine blocks in Northeast Brainerd and one block on South Ninth street. The high water pressure now ruling is what makes new mains imperatively necessary in the sections named.

The water and light board has ordered 3,000 feet of water main and other material. There is some six and eight inch mains on hand. One crew will start digging next week and when all the material is on hand the board will probably have two crews at work in Northeast Brainerd.

Holes made by the new water supply are being filled up. As soon as the frost is out of the ground, cement is to be laid, patching up various streets, etc.

PARENT-TEACHERS

Meeting of Harrison School Association to be Held on Monday Evening, April 11

The regular meeting of the Harrison Parent-Teachers' Association will be held Monday, April 11th at 7:30 p. m.

The following program will be rendered:

Piano solo—Miss Worden.
Story, "Imogene Boldt"—1st grade.
Vocal solo—Mrs. P. G. Fallquist.
Talk—Mr. M. B. Scherich.
Piano solo—Alice Regina Johnson.
Vocal duet—Margaret Peterson, Violet Peterson. Accompanist Gladys Holvick.
"Love's Old Sweet Song"—High School Male Quartette.

1st tenor—Edward Hendrickson.
2nd tenor—George Engstrom.
1st bass—Knut Thee.
2nd bass—Clarence Shello.

Accompanist Alice R. Johnson.
Director Miss Lydia Nelson. Everyone is invited.

NOTICE

Owners of lots in EVERGREEN CEMETERY who intend to have their lots cared for by the Association, during the season of 1921 will kindly list them with the SECRETARY (J. T. Sanborn) as soon as convenient. Lots not listed will receive NO care from the association UNTIL listed.

In order to make a good showing on Decoration day, all lots should have attention before the 20th day of May. We trust that you will all take an interest during the coming season in making the last resting place of Our Beloved Dead more BEAUTIFUL.

Very respectfully yours,
26213 The Committee of Grounds

Exalted Ruler—John A. Hoffbauer.
Esteemed Leading Knight—B. E. Dunham.
Esteemed Loyal Knight—W. F. Kunitz.

Esteemed Lecturing Knight—W. J. Lyonais.
Secretary—Harry J. Carlson.
Treasurer—B. L. Lagerquist.
Tiler—C. D. Johnson.
Trustee—E. J. Quinn.

Mr. Johnson, as tiler, was installed by the exalted ruler. The appointive officers named were:

Esquire—J. J. Nolan.
Chaplain—R. R. Gould.
Inner Guard—George H. Gendron.
Organist—Elmer E. Olson.
House and social committee—A. P. Drogseth, W. J. Lyonais, James Alderman, Axel Fall, Clyde E. Parker.

Leader of drum corps—Charles Stadlbauer.
Leader of drill team—Eugene White.
Chairman Elks show, "Jollies of 1921" to be given May 6 and 7—Eugene White.

Chairman membership campaign—W. F. Kunitz.

Past Exalted Ruler Wm. V. Turcotte thanked the lodge for all courtesies shown him and the cooperation accorded in committee work, etc. During his term 166 new members were gained and there was a large increase in finances.

The new exalted ruler thanked the lodge for the honor conferred on him and asked the cooperation of the entire lodge in making the coming term as successful as the past had been.

Card of Thanks

We wish to thank friends and neighbors, and I. B. B. and M. for their kindness and courtesies extended us, and for the floral offerings at the death of our mother.

DECORATION DAY ARRANGEMENTS MADE

At Regular Meeting of Pap Thomas Post G. A. R. Committee Was Named to Prepare for Day

TEXT OF RESOLUTION GIVEN

Post Regaled With a Fine Luncheon Served by Mrs. Henrietta Fox and Mrs. Harriet Peterson

At a regular meeting of Pap Thomas Post G. A. R. held Thursday afternoon, April 7, a committee consisting of Comrades J. B. Swisher, Elias Fenstermacher and the post adjutant were appointed to prepare for the proper observance of Memorial Day, May 30.

A resolution was adopted that the American Legion, World War Veterans, the W. R. C., the ladies of the G. A. R. Circle and the public schools be invited to unite with the Post in the observance of the day.

After adjournment the post partook of a fine luncheon served by Mrs. Henrietta Fox and Mrs. Harriet Peterson of the ladies of the G. A. R. Circle.

DESTROY ROAD

Trucks Wreck Fine Graveled Road on the Scenic Highway

It will cost the state of Minnesota thousands of dollars to repair the damage to the Scenic Highway from Elk River caused by the busses and trucks running over the route to Onamia. This is the opinion of State Highway Commissioner Babcock, who visited Elk River over Sunday.

Mr. Babcock stated that a road engineer was sent over the highway last week and he brought back the report that it would cost from \$45,000 to \$50,000 to repair the damage done to the road by the trucks and busses during the past three weeks and to put the road in as good condition as it was last year. During the past few years, the highway from Zimmerman to Onamia has been known as one of the best gravelled roads in the state.

At present the state can do nothing to prevent these heavy vehicles from damaging the highways, but Mr. Babcock advocates a law which would compel them to stay off the roads for a few weeks each spring while the frost is coming out of the ground and during the season of spring rains.

Card of Thanks

I wish to thank the people of Brainerd for the support I received at their hands at the recent City Election.

Respectfully,
J. H. WARNER

More Georgette Blouses

Good blouses have been hard to secure because of the labor situation but we received a few more choice ones today. These are popularly priced from \$4.75 to \$6.75.

More Silk Hosiery

The wanted shades, the wanted qualities and at the wanted popularity of prices. The popularity of silk hosiery will make these very attractive

H. F. Michael Co.

Card of Thanks

To the voters of the city of Brainerd: I wish to thank the voters of the city for their support in re-electing me as city treasurer.

RICHARD ILSE

Capital \$50,000.00 Surplus \$15,000.00

Chiropractic for Stomach Trouble

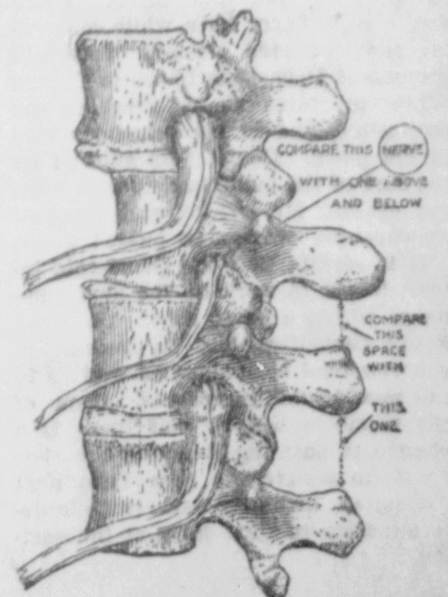

If your stomach is out of order consult a Chiropractor at the earliest possible moment. He will tell you why your stomach is not as it should be. He will locate the point where the pinched nerve is and will adjust the vertebrae which are out of position and which produce the pressure on the nerve. As soon as this is adjusted and the pressure relieved, the nerve will carry the life force freely to the stomach. As soon as the nerve begins normal function then so soon will the stomach become strong and normal.

REVIVE POLITICS IN THE CAPITAL

DEMOCRATS IN CONGRESS ARE
PREPARING TO FIGHT SOME
REPUBLICAN MEASURES.

THEIR ATTITUDE CHANGING

National Committees Are Getting
Ready for the Congressional Elec-
tions of Next Year—Elmer Dover
May Succeed Will Hays.

By EDWARD B. CLARK.
Washington.—Washington is getting
into politics again. This "again" may
seem like a joke, but in the present
instance it is not, for the fact is that
the capital recently has given itself
over almost entirely to talks concern-
ing appointments to office, and to
visualizing the personnel of the new
administration.

Some time ago it was intimated that
the Democrats did not intend to be
particularly aggressive as a party in
congress for some time to come. The
idea was that where the administra-
tion seemed to be doing what was
fairly proper it should be left alone,
the Democrats realizing that in the
hopeless minority which is theirs in
both houses they could accomplish
little by entering objections and by
protracting debate.

Within a week there has been a
change in the situation. The Demo-
crats express a keen interest in what
the Republicans intend to do in
emergency tariff and general tariff
legislation, and also in what the domi-
nant party intends in the way of
reducing taxation. It is known now
that the Democratic leaders in con-
gress intend to conduct from the
first a strong campaign of opposition
to those things which, from their po-
litical viewpoint, they believe to be
unhealthy for the state.

Already the leading Democrats in
the senate and house have met and
are preparing today a party program
which will be subject to change as
the Republican program of intended
legislation is shifted from day to day.

National Committees Get Busy.

The Democratic national committee
intends to get busy early in the sum-
mer on preliminary work for the next
congressional campaign, which will
open one year from the coming sum-
mer. The members intend to prepare
printed matter for general distribu-
tion which shall set forth the Demo-
cratic view of what congress should
do instead of what it is doing. Propa-
ganda of this kind is used in every
campaign, and this year the Demo-
crats intend to move along these
lines at an early day.

The Republican national committee
has taken notice of the Democratic
movements. It will prepare early to
offset the opposition's propaganda,
although it is not known definitely to-
day just when this work will begin,
or who its director-in-chief will be,
for it is known that before long Will
Hays, the new postmaster general,
will resign from the chairmanship of
the Republican national committee,
and it is not known definitely who his
successor is to be.

A call has been issued for a meet-
ing of the Republican national com-
mittee in June, when a chairman to
succeed Hays will be elected. Within
a few weeks it is believed that Presi-
dent Harding will have given the Re-
publican leaders an intimation as to
the man whom he wants picked for
the chairmanship, and the committee
unquestionably will pay heed to the
President's wishes.

It was known some time ago that
President Harding wanted Senator
Harry S. New of Indiana chosen as the
chairman of his party's national com-
mittee. Mr. New, however, did not
want to take the place because it is
said that he feared that in his cam-
paign for re-election to the senate
the charge might be brought against
him that he was using his committee
place to forward his ambitions.

Dover May Succeed Hays.

Today it seems that many of the
members of the national committee
wish to name Elmer Dover of the
state of Washington, who one time
was the national committee's secre-
tary. The question is whether or not
Mr. Harding will approve of Mr.
Dover's selection. There is no reason
to believe that Mr. Harding has any
objection to Mr. Dover except that
possibly he may desire some other
man for the place. Dover is an Ohio
man, and this in a way may appeal
to the President.

The Democrats seem to have settled
all their national committee troubles,
certainly for the time being. There
was a great flurry for a while concern-
ing the suspected attempt of certain
prominent Democrats to cause George
White to resign as chairman of the
committee, and to put somebody else
in his place. Denial was entered on
the part of the men charged with mov-
ing against Mr. White, and soon all
appearances of trouble passed away.

It is certain that the Democrats in-
tend to get to work on the next cam-
paign within a short time. Their na-
tional committee has its interest in
congressional campaigns as well as in
the presidential campaigns. Some of
the members believe that there is a
chance to oust the Republican major-
ity from congress a year from next
November, and they express their de-
termination to start early at the out-
ing.

Serbian Melodies Solemn.

The Serbian melodies are solemn and
impressive, and have a strong affinity
with their church music. The Hun-
garian songs, on the other hand, show
vitality and impetuosity to an extraor-
dinary degree. They are mostly in
two-four time, but both the rhythms
and the time change continually, and
the music is full of pauses at effective
moments and of modulations into un-
expected keys, which correspond to
constant changes in the sentiment of
the songs, from deep sorrow to wild
hilarity of satire. The "Hungarian
Melodies," by Francis Korbay, contain
very fine examples of such music, and
the accompaniments of the songs in
this collection are beautifully and
thoroughly adapted to the melodies.

Could Rely on Him.

It was down in Texas—in those
other days. A man was introducing
his brother to the group of gentle-
men in the saloon. He said, "This is
my brother—my brother. And his
not only my brother, ye understand, but
he's my personal friend."—Foresight.

Few Have Seen Radium.

Radium is a metal that is described
as having a white metallic luster. It
has been isolated only once or twice,
and few persons have seen it. It is
ordinarily obtained from its ores in
the form of sulphate, chloride or bro-
mide, according to the United States
geological survey, Department of the
Interior, and it is in the form of these
salts that it is usually sold and used.
These are all white or nearly white
substances, whose appearance is no
more remarkable than that of common
salt or baking powder. Tubes con-
taining radium salts glow mostly be-
cause they include impurities which
the radium from the radium cause
to give light. Radium minerals are
very rarely if ever, luminescent.

Doubtless All for the Best.

We grow tired, and long for some
shorter and easier way "home." But
there is nothing for us but the steady,
patient trudging of the path day after
day. And doubtless at the end we
shall see there was not one step too
many or too hard.

Filipinos Would Welcome Investigation by Congress

By JAIME C. DE VEYRA
Resident Commissioner from the Philip-
pines to the United States.

FROM various newspaper clippings,
I learn that there is an intention
of sending an investigating body
to the Philippines. It is welcome; the
sooner it is done, the better.

Let there be light! The Filipino people
are not afraid of light and would not run
away from it. On the contrary, they
want the flashlight of this Nation's in-
vestigators focussed upon them. The
Philippine Legislature, which has re-
peatedly petitioned the United States for
independence, has been persistent in its
invitation to the members of the Com-
mittees of the Senate and the House, in
charge of Philippine affairs, to visit that
distant country so that they may see for
themselves and render judgment upon
actual conditions in the islands. It was
in 1917 when the first petition was made.
They did not insist then, because the
United States was busy in her war activi-
ties, and the members of the Congress
were entirely absorbed therein. In the
spring of 1919, a Philippine Mission came
and renewed the invitation.

Securely entrenched in our position and
fortified with incontrovertible facts of our
claim, we do not fear the arrival of any
body of investigators. We want it; we
request it; we urge it.

For what purposes are various malevo-
lent and suspicious spirits working? A
portion of the public alleges maladminis-
tration, negligence in service, and per-
haps inefficiency of some bureaus, not to
say absolute demoralization of the service.
In view of these allegations it would seem
in the mind of the new President there
has settled a doubt; and it is said that to
please some and satisfy others, Mr.
Harding entertains the idea of sending

HON. JAIME C. DE VEYRA

a Commission of investigation to the
Philippines. I repeat: we are not afraid
of the proposed investigation. As in all
human institutions, defects or inefficiency
may be found in the administration of
Philippine affairs; but we deny that they
are such as to invalidate our claim of
being able to maintain a good govern-
ment.

Interested as we are in the good name
of the Filipino people, of the government
of whose management we are participants
and in the truth itself, we cannot but
anxiously await the realization of this
plan.

Liquid to Replace Solid Coal.
A noted engineer states that coal,
under 200 atmospheres pressure, heat-
ed to between 540 and 720 degrees
Fahrenheit, and mixed with hydrogen
gas, becomes liquid. As the energy is
greatly increased he predicts that in
the near future it will replace the so-
lid coal.

Why We Are Strong for Willard

We've seen a lot of batteries,
but never another like the
Willard Threaded Rubber Bat-
tery.

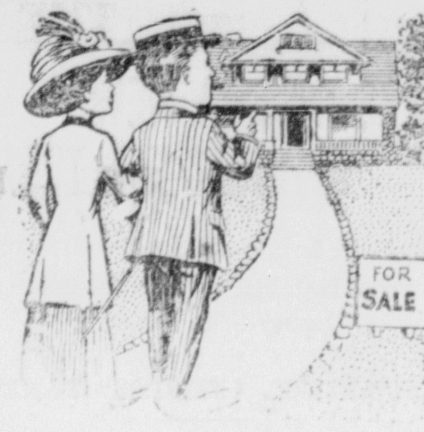

Threaded Rubber *insulates*
the plates instead of separating
them the way wood separators
do.

No carbonizing, puncturing,
checking or cracking, because
Threaded Rubber Insulation re-
tains all the valuable insulating
qualities of rubber and is not
affected by acid.

That's one reason why we're
strong for Willard Threaded
Rubber Batteries.

Advertisers in the Daily Dispatch

Now get the same cut service as the big city dailies

We have made arrangements with the Murray Illustrated Advertis-
ing Company of New York, for the furnishing of cuts for advertising
purposes absolutely free to our patrons. This service is the best in
America and has as clients some of the largest newspapers published.

Never before has it been possible for a paper to furnish this
service without a considerable added outlay on the part of the
advertiser, and even now it is only offered to the paper recognized
by advertisers and readers as the leader in its section.

The Dispatch buys the cuts; the advertiser pays for the space
in the paper at the same rate as for other advertising. Many of
our patrons have already taken advantage of this offer and others
are invited to do so.

We will be glad to explain the matter more fully
